Initiative 1: [Canada Emergency Business Account](#)

Lead: Export Development Canada (EDC) and Business Development Bank of Canada (BDC) through financial institutions.

Description: This program will provide up to \$25 billion to eligible financial institutions so they can provide interest-free loans of up to \$40,000 to small businesses and not-for-profits, to help cover their operating costs during a period where their revenues have been temporarily reduced. Repaying the balance of the loan on or before December 31, 2022 will result in loan forgiveness of 25 percent (up to \$10,000).

To qualify, organizations either need to demonstrate they paid between \$20,000 to \$1.5 million in total payroll in 2019, or for applicants with payroll lower than \$20,000, they would need to demonstrate that they had eligible non-deferrable expenses between \$40,000 and \$1.5 million.

Eligible non-deferrable expenses include:

- Wages and other employment expenses to independent (arm's length) third parties;
- Rent or lease payments for real estate used for business purposes;
- Rent or lease payments for capital equipment used for business purposes;
- Payments incurred for insurance related costs;
- Payments incurred for property taxes;
- Payments incurred for business purposes for telephone and utilities in the form of gas, oil, electricity, water and internet;
- Payments for regularly scheduled debt service;

Agriculture and agri-food businesses that meet the payroll qualifications or the non-deferrable expense qualifications will be eligible for this loan. Access to this type of loan, along with specific agricultural loans, could help defray some immediate cashflow requirements for the spring planting period.

- EDC’s Mid-Market Guarantee and Financing Program will bring liquidity to companies who tend to have revenues of between \$50 million to \$300 million, to sustain operations during this uncertain period. EDC will continue to work with Canadian financial institutions to guarantee 75 per cent of new operating credit and cash-flow loans – ranging in size from \$16.75 million to a maximum of \$80 million. These expanded guarantees are available to exporters, international investors and businesses that sell their products or services within Canada.

[Agriculture and Food Business Solutions Fund](#)

Lead: FCC

Description: A \$100-million venture capital fund to support proven, viable companies through unexpected business disruptions.

This initiative will provide companies with the stability and flexibility they need to rebuild their business models during challenging times.

The fund is set up to support a wide range of enterprises in the agribusiness and agri-food sector, including companies involved in primary production, agri-tech, manufacturing, packaging and distribution. The fund will help companies in times of need through innovative solutions such as convertible debt investments and other flexible financing solutions.

To qualify, companies need to demonstrate an impact from an unexpected business disruption, such as the loss of a key supplier, temporary loss of a facility or permanent loss of critical staff or leadership. Funds cannot be used to repay shareholder loans or purchase shareholder equity positions.

[Canadian Dairy Commission](#)

Lead: CDC

Description: The Government is working to increase the Canadian Dairy Commission’s borrowing limit by \$200 million.

This increase will support costs associated with the temporary storage of cheese and butter to avoid food waste.

[Canada Emergency Commercial Rent Assistance](#)

Lead: Finance in collaboration with provinces and territories

Description: This program will provide forgivable loans to qualifying commercial property owners to cover 50 per cent of three monthly rent payments that are payable by eligible small business tenants who are experiencing financial hardship during April, May, and June. The loans will be forgiven if the mortgaged property owner agrees to reduce the eligible small business tenants' rent by at least 75 per cent for the three corresponding months under a rent forgiveness agreement, which will include a term not to evict the tenant while the agreement is in place. The small business tenant would cover the remainder, up to 25 per cent of the rent.

Impacted small business tenants are businesses paying less than \$50,000 per month in rent and who have temporarily ceased operations or have experienced at least a 70 per cent drop in pre-COVID-19 revenues. This support will also be available to non-profit and charitable organizations.

Small input and service suppliers, food retailers and wholesalers and foodservice providers who rent commercial property could benefit. A key requirement to receive the benefit is that the rent must be for property in which commercial activity, that is the sale of goods and/or services, occurs. Businesses must have a commercial lease agreement with a landlord.

[Regional Relief and Recovery Fund](#)

Lead: ISED and Regional Development Agencies.

Description: The Fund will help to mitigate the financial pressure experienced by businesses and organizations to allow them to continue their operations, including paying their employees; support projects by businesses, organizations and communities to prepare now for a successful recovery.

This fund is specifically targeted to those that may require additional help to recover from the COVID-19 pandemic but have been unable to access existing support measures.

For the first component of RRRF funding, \$675 million has been made available to Regional Development Agencies (RDAs). Prospective applicants are encouraged to contact their RDA to apply. Further details on are available online:

\$50 million will be made available under the Mandatory Isolation Support for Temporary Foreign Workers Program to help farmers, fish harvesters, and all food production and processing employers, put in place the measures necessary to follow the mandatory 14-day isolation period required of all workers arriving from abroad.

[FAQ on Changes to TFW Program](#)

employers, as the required 2-week recruitment period will be waived for the next 6 months.

The maximum duration of employment under LMIA's is increased from 1 to 2 years for employers of workers in the low-wage stream as part of a three-year pilot. LMIA's in key occupations related to the agriculture and agri-food sectors will be prioritized.

The \$50 million federal investment will provide \$1,500 to eligible employers for each TFW to help cover the incremental expenses associated with the 14-day mandatory isolation period such as wages, accommodations, transportation, food, health and safety products.

In addition, the government has added flexibilities to the TFW Program to make it easier for TFWs already in Canada with an employer-specific permit to change employers. This change will cut what can often take 10 weeks or more, down to 10 days or less. There is no change to the role of the employer in the process for hiring foreign workers.
